

SUNREEF 43M — SUNREEF 43M ECO

The Sunreef 43M is a multihull superyacht boasting a timeless marine design incorporating immense living space and unique technical features for a superior cruising experience.

One of the yacht's most iconic features is her aft cockpit design. The alfresco lounging and dining space offers extreme comfort and access to a vast private beach. With her aft platform lowered and two fold-out bulwark terraces open, the Sunreef 43M unlocks a new potential for lounging and watersports, creating a large walk around beach club area.

The fully-customizable beach club connects with a gym with spectacular ocean views as well as a storage room for diving gear and water toys. Beneath the aft cockpit, a garage accommodates two large jet skis, a refueling station and launching system.

Luxurious accommodation is provided for up to 12 guests and includes a spectacular full-beam owner's suite providing panoramic views and private access to the lounging space and spa pool on the bow terrace.
